

Create Base Configurations

This guide is a quick overview of fields and measures available by default for each question you see in the Create area. We hope these questions are a good starting place for you to get the right data out of your site, but there's more to explore in each View. You'll notice that multiple questions are built on the same View. The Views all have additional fields and measures available for you to add to your visualizations. Happy Reporting!

Learners

Explore Question	View	Default Fields/Measures
Who are my learners?	Learners	Learner Last Name, Learner First Name, Learner Email
What are my learners' details?	Learners	Learner Last Name, Learner First Name, Learner Email, Learner Ref 1, Ref 2, Ref 3, Ref 4, Ref 5, Client, License, Learners Join Date
How many learners do I have?	Learners	Learners Count
How many panorama learners do I have in each client?	Learners	Clients Name, Learners Count
Where are my learners?	Learners	Learner's Country, Learners State, Learners City, Learner Zip Code, Learners Count

Learner Content & Progress

Explore Question	View	Default Fields/Measures
What certificates are being earned?	Certificates	Email, Content Title, Issued Date, Expiration Date
